Social and Developmental NGOs	<b>Other, please specify</b>			
<b>Organisation Profile</b>	<p>Vision: Both ENDS envisions a world based on equitable relationships and consisting of sustainable livelihoods, and recognises the key role for CSOs in achieving this. Mission: Both ENDS works critically for social justice and a better environment by connecting and empowering CSOs. Both ENDS supports the work of environmental organisations, primarily in the so-called South (developing countries) and the Central and Eastern European (CEE) countries. We support organisations through information, research, advocacy, campaigning, networking and capacity-building. The core of Both ENDS' activities is in making connections, between South and North, environment and development, and between different sectors of society. Both ENDS functions as a go-between to support individuals and social organisations all over the world whose specialisation is ecological sustainability and social justice. The main focus is the realisation of sustainable forms of natural resource management and to promote policy making in the Netherlands as well as worldwide.</p>
