

About your organisation			
Name of the organisation:		PT Sampoerna Agro	
Membership number:			
Organisation Profile		<p>PT Sampoerna Agro Tbk together with its subsidiary companies are one of the rapidly growing palm oil company in Indonesia. The company is also one of the few oil palm seed producers in Indonesia that received license from the Indonesian Ministry of Agriculture to produce and sell oil palm seeds to third parties. First field planting within the Sampoerna Agro Group by PT Aek Tarum back in 1989 followed by the establishment of PT Sampoerna Agro Tbk (previously named as PT Selapan Jaya) in 1993 to operate oil palm plantations in South Sumatra region. As of December 2010, total planted area of its nucleus plasma estates in Sumatra region consists of 60,228 hectares of matured palms and 17,636 hectares of immature palms. While in Kalimantan, which includes the ones under partnership (kemitraan) scheme, consists of approximately 13,272 hectares of matured palms, and 11,643 hectares of immature palms. Within the same period, the Company manages nucleus estates of about 58,095 hectares while plasma and partnership estates under guidance is about 44,464 hectares. The Company has six Palm Oil Mills (POM), of which five are situated in Sumatra and one in Kalimantan. The POMs in Sumatra have a total capacity to produce 380 tons of fresh fruit bunches (FFB) per hour, whereas the POM in Kalimantan has a capacity to produce 75 tons of FFB per hour. One of the company's subsidiaries, PT Binasawit Makmur (BSM) produces and sells six varieties of high quality oil palm seeds with diverse genetic origins which are derived from 225 set of dura families and 50 pisifera families. As an integral part of the Sampoerna Strategic Group, the Company has a vision to become one of the most leading and responsible agriculture companies in Indonesia through its strategy of rapid growth.</p>
