Time-bound plan

Time-bound plan - Year expected to achieve 100% supply chain certification

What are your interim milestones towards achieving this CSPO Commitment (year and progressive CSPO%) - please state annual targets/strategies

Mitsubishi Corporation was audited for its RSPO Supply Chain Certification system (SCCS) SG/MB by the Control Union on Feb/2011 for three palm oil stock points in Japan - Yokohama, Chiba, and Sakai. We received official certification which is valid from 28/Feb/2011 to 27/Feb/2014. With this, we are now ready to supply SG/MB CSPO to our Japanese customers should they request it. Our milestones are closely linked to the milestones of our customers in terms of their commitment to and demand for CSPO.
