Givaudan mainly sources derivatives from palm (kernel) oil, segregated alternatives for these ingredients are not available yet. We are in the process to get 100% certification by Green Palm by the end of 2012 what puts us ahead of our intention to get certified by 2015.

The next challenge will be to work with our suppliers to move to segregated sustainable quality.

Additional information on our palm oil strategy can be found in our 2011 sustainability report:
