Operational Profile

1. What are the main activities of your organisation?

Nes Naturaleza support palm growers on their way to sustainability; our activities help to reduce poverty in rural areas and to create capacity building. We support palm growers in the adoption of RSPO P&C

2. Activities undertaken to promote sustainable palm oil, the RSPO and/or members in the reporting period

From one hand, together with RSPO we did the translation of main RSPO documents from english to spanish in order to facilitate RSPO P&C adoption in Latam region; In Colombia we did some approaches to develop a road map together with the palm oil growers federation to help growers in a better understanding of the National interpretation.

In Central America we are working together with different palm growers in order to implement P&C in their mills and supply base and training their team, and smallholders to produce in a sustainable way

3. Do you have any collaborations with the industry players/private sector to support them in the market transformation towards CSPO?

Yes

If yes, please give details:

Nes Naturaleza support palm oil mills in their way to sustainability and to get ready for certification

4. What percentage of your organization's overall activities focus on palm oil?

100

5. How is your work on palm oil funded?

Private resources

Actions for Next Reporting Period

6. Outline actions that will be taken in the coming year to promote sustainable palm oil.

Nes Naturaleza will continue supporting companies in the Latam region in their adoption of RSPO P&C and will continue training and creating building capacity on sustainability

Challenges

1. Significant economic, social or environmental obstacles

Language is an important barrier between Latam region and the RSPO, in order to promote sustainable Palm oil in Latam will be useful to have a liason office that could give timely responses to concerns raised

2. How would you qualify RSPO standards as compared to other parallel standards?

--

Cost Effective:

Yes

Robust:

Yes

Simpler to Comply to:

No

3. How has your organization supported the vision of RSPO to transform markets?

By training and giving education about RSPO in Latam region
