Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

The main challenge has been to create different strategies to promote the principles of sustainability among smallholders, and to create the necessary partnerships with government institutions, NGOs, palm oil mills and states to achieve this goal.

2 How would you qualify RSPO standards as compared to other parallel standards?

--

Cost Effective:

Yes

Robust:

Yes

Simpler to Comply to:

similar

3 How has your organization supported the vision of RSPO to transform markets? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

Through the promotion of sustainable palm oil, we have strengthened relationships with producers, contractors, suppliers, so legal compliance, responsibility to the environment and communities are strict compliance criteria.
