There are no RSPO Principles & Criteria on certification for INDIA. Also, there is no forest clearance or virgin land being planted to oil palm in India. Small farmers have been planting agri crops for generations on this land and they switch to oil palm at our behest. We organise them along the lines of a cooperative. So there is absolutely No Deforestation. The oil palm industry in INDIA is yet to draw up P&C for certification We have decided to undertake a Pilot Project to facilitate certification of our small holders in India, in conjunction with RSPO and WWF.
