Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

se requieren estudios especializados desde el punto de vista ambiental y social y no hay muchas empresas en el mercado que presten este servicio. igualmente las que hay son costosas. Extractora Sicarare asumió el 100% del costo de los estudios, antes no habian medios eficaces que permitieran llegar a nuestros grupos de interés, por lo que se decidió crear la página web de Extractora Sicarare SAS. teniamos dificultados para definir las estrategias para relacionarnos con los grupos de interés, por lo que se firmó un convenio con Fundepalma que es una fundación que tiene experiencia en la implementación de planes sociales.

2 How has your organization supported the vision of RSPO to transform markets? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

a nuestros proveedores de la cadena de suministro los invitamos a comprometerse en el cumplimiento de las políticas, criterios de nuestros sistema de gestión a través de comunicaciones y de la evaluación anual de proveedores.
