## Challenges

### **1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?**

As a grower the main challenges are managing cost as operating cost increase every year where as the CPO prices remains volatile and unpredictable. We would also like to see an increase in CSPO uptake/use from the buyers downstream as we (growers) have done our part in producing CSPO in large quantity.

---

### **2 In addition to the actions already reported in this ACOP how has your organization supported the vision of RSPO to transform markets in other ways? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)**

i) Being a medium size Oil Palm producer we remain focused on driving our existing initiatives and at the same time strengthening our commitments towards achieving sustainability in all aspects of our business. ii) Engagement with key stakeholders in explaining our commitment and our approach on sustainability matters ie through internal and external stakeholder meetings & dialogue iii) Engagement with our business partners and other
