Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

La demora en la respuesta por parte de RSPO para la revisión del LUCCA. En esta revisión no se aceptó la información de las imágenes satelitales anteriores a la siembra, donde se evidenciaba el respeto por la ronda del río Sicarare, que posteriormente cambió su curso hacia nuestros cultivos. No existen proyectos de conservación en Colombia que cumplan las condiciones requeridas por RSPO para los planes de compensación. La falta de apoyo gubernamental para el desarrollo de los proyectos de responsabilidad social empresarial.

2 In addition to the actions already reported in this ACOP how has your organization supported the vision of RSPO to transform markets in other ways? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)

Se ha venido haciendo un acompañamiento a uno de nuestros proveedores de fruto, llamado Palmeras de la Cartuja, para la implementación de los principios y criterios de RSPO. Se espera que esta implementación se tenga para el año 2019
