Environmental and Conservation NGOs**Operational Profile****1.1 What are the main activities of your organization ?**

Vision and Mission of Orangutan Land Trust

At Orangutan Land Trust our Vision is the long-term survival of the orangutan in the wild.

Our Mission is to enable sustainable solutions that ensure safe areas of forest for the continued survival of the orangutan

We work towards this Vision via three Key Strategies:

Encourage policy makers to develop and implement strong policies and to uphold existing laws that contribute to orangutan conservation

Support in-country initiatives and efforts to help deliver their aims

Develop appropriate and responsible partnerships to deliver tangible outcomes on the ground

Some of the activities eligible for support from Orangutan Land Trust include:

Protecting existing orangutan habitat, especially that which contains significant populations of orangutans

Finding, surveying and securing permanent release sites for both wild and rehabilitated orangutan

Finding, surveying and securing river islands for the penultimate step in the rehabilitation process of orangutans, and as permanent sanctuary for rescued and rehabilitated orangutans not suitable for total release into the wild, such as those with chronic disease or disabilities

Finding, surveying and securing new forest sites for the use of orangutans undergoing the rehabilitation process.

Providing infrastructure for above sites, such as security posts, feeding platforms, fencing, etc

Taking measures to protect these sites indefinitely

Forest rangers/anti-logging operations/fire-fighting efforts in orangutan habitat

Creating wildlife corridors

Reforestation and regeneration activities

Supporting alternative livelihoods and sustainable harvesting of forests (timber and non-timber forest products) in exchange for their protection in cooperation with local communities

Working with industries that pose a risk to orangutan habitat, such as the palm oil industry, to minimise impact in these areas

Education, outreach and empowerment in communities living in orangutan habitat areas to protect these areas

Education, outreach and empowerment in communities living in orangutan habitat areas to protect these areas

Education, outreach and empowerment in communities living in orangutan habitat areas to protect these areas

Education, outreach and empowerment in communities living in orangutan habitat areas to protect these areas

Lobbying local and national authorities to protect orangutan habitat

1.2 Does your organization use and/or sell any palm oil?

No

1.3 Activities undertaken to publicise programmes to support RSPO, RSPO certification, uptake of RSPO certified sustainable palm oil and oil palm products and/or good standing RSPO members during the year.

We engage with all aspects of the supply chain, from growers to consumers, to raise awareness about sustainable palm oil and encourage commitments for production and uptake of CSPO. Through social networking, public speaking and traditional media (television, radio, print), we reach a wide audience globally. We have advised zoos and other institutions around the world on the issue of sustainable palm oil.

We initiated the PONGO (Palm Oil and NGO) Alliance, a platform for collaboration between industry and NGOs/experts to enable sustainable solutions for the protection of wildlife in oil-palm landscapes.

1.4 What percentage of your organizations overall activities focus on palm oil?

80%

1.5 Did members of your staff participate in RSPO working groups/taskforces in the reporting period?

Yes

1.6 Do you have any collaborations with the industry players/private sector to support them in the market transformation towards RSPO certified sustainable palm oil and oil palm products?

Yes

1.7 How is your work on palm oil funded?

Funding for our efforts in sustainable palm oil comes from our Sustainability Partners. Public donations help us support efforts on the ground, such as policy work, law enforcement and investigations into destruction of orangutan habitat; orangutan capture, harm and killing in oil palm landscapes; and restoration of areas illegally cleared for oil palm.

We seek sponsorship to cover other costs, such as travel to meetings, so that none comes out of public donations.

Time-Bound Plan

2.1 Date started or expected to start participating in RSPO working groups/taskforces

2009

2.2 Date expected to undertake and publicise programmes to support RSPO, RSPO certification, uptake of RSPO certified sustainable palm oil and oil palm products and/or good standing RSPO members.

Challenges

1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

It is difficult to promote to consumers to choose CSPO rather than boycott all palm oil when few brands elect to use the RSPO logo when their products contain CSPO.

2 In addition to the actions already reported in this ACOP how has your organization supported the vision of RSPO to transform markets in other ways? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)
