i) The company's permit is for 20,224 ha however land available for palm development is about 700 ha as the remaining mainly constitutes subsistence farming, HCV areas and steep areas exceeding 25 degrees slope. ii) Economically not viable as further development is limited. iii) Social problems at Landak district does not encourage continued investments.

**2 In addition to the actions already reported in this ACOP how has your organization supported the vision of RSPO to transform markets in other ways? (e.g. Funding; Engagement with key stakeholders; Business to business education/outreach)**
