5. Actions for Next Reporting Period
5.1 Outline activities that you will take in the coming year to promote the use of RSPO-certified palm oil and oil palm products along the supply chain.

In order to encourage our suppliers to embark on RSPO journey, we have incorporated the RSPO requirements into our Priority Suppliers Engagement Programme, which is a programme designed to assess our prioritized suppliers' level of compliance with Apical's Sustainability Policy and other relevant industry requirements such as RSPO.

In our Shared Value Programme (SVP), we deliver workshops for suppliers on a selection of topics that take into account regional issues specific to the location of suppliers. The SVP covers the latest market trends and how international certifications such as RSPO can be beneficial for their business.

Aside from intensify our supplier engagement program to influence our suppliers to operate in accordance with our sustainability policy and RSPO best practices, we will also actively explore digitization solutions as a way forward to help our suppliers achieving their sustainability targets.

In order to promote a more demanding market for certified palm oil and products, we will have more dialogues with our buyers on the sustainable products that we are able to produce by committing to sustainable palm oil production.

7.1.F None of the above. Please explain why.
7.2 What best practice guidelines or information has your organisation provided in the past year to facilitate the uptake of RSPO-certified sustainable palm oil and oil palm products? What languages are these guidelines available in?

Apical has a sourcing policy and engagement program to facilitate adoption of RSPO standards and requirements that is consistent with market demand for RSPO certified palm oil. We also have a sustainability policy which we constantly refer to in engaging with our buyers on policy compliance and uptake of sustainable palm oil. Following guidelines and documents in English and Bahasa Indonesia were published to facilitate our suppliers in achieving the commitments:

- Prevention, early detection and control of open-burning in oil palm plantations
- Drainability Study Prior to Replanting on Peat
- Free, Prior and Informed Consent (FPIC)

10. Challenges
10.1 What significant economic, social or environmental obstacles have you encountered in the production, procurement, use and/or promotion of CSPO and what efforts did you make to mitigate or resolve them?

☐ Awareness of RSPO in the market
☐ Difficulties in the certification process
☐ Certification of smallholders
☒ Competition with non-RSPO members
☐ High costs in achieving or adhering to certification
☐ Human rights issues
☒ Insufficient demand for RSPO-certified palm oil
☐ Low usage of palm oil
☒ Reputation of palm oil in the market
☐ Reputation of RSPO in the market
☐ Supply issues
☒ Traceability issues
☒ Others

Other:

One of the main challenges in the promotion of CSPO is to convince our suppliers on tangible benefits from committing in RSPO certification. In order to create an encouraging environment for the whole palm oil supply chain, the players in CSPO market has to ensure equal distribution of benefits from producing and selling CSPO.

10.2 In addition to the actions already reported in this ACOP how has your organisation supported the vision of RSPO to transform markets in other ways?

☒ Engagement with business partners or consumers on the use of CSPO
☐ Engagement with government agencies
☒ Promotion of CSPO outside of RSPO venues eg trade workshops industry associations
☐ Promotion of physical CSPO
☐ Providing funding or support for CSPO development efforts
☐ Research & Development support
☒ Stakeholder engagement
☒ Others

Other:

As a processor and trader, we believe continuous engagement with different level of stakeholders in the supply chain is one of the most effective ways to transform the market. We have been continuously engaging with various stakeholders to explore the challenges and opportunities of CSPO market, communicate the most recent requirements and to promote sustainable good practices to our palm oil suppliers through workshops and trainings.

In our recent suppliers workshop in Indonesia, we had invited RSPO Secretariat to present on the updated RSPO P&C in order to enhance our suppliers’ knowledge on the new requirements.
