About IBD

IBD is proud to be the largest certification body of Latin America and the only Brazilian certification body of organic products with IFOAM (international market), ISO 17065 (European Market - regulation EC834/2007), Demeter, USDA/NOP (North American market) and SIGORG (Brazilian market) accreditations, which makes its certificates accepted worldwide.

In addition to organic certification protocols, IBD also offers social and environmental certifications: RSPO (Roundtable on Sustainable Palm Oil), UEBT (Union for Ethical BioTrade), Fair Trade and 4C.

Public Consultation

The public consultation process is one of the main stages of the RSPO certification process, and it gives the possibility for stakeholders, related or affected by the company, to demonstrate and expose their views. With that in mind, IBD invites all stakeholders to provide in written form, any relevant information for the audit to be held at **ACEITES S.A.**, especially regarding environmental, labor and social aspects. We are open to positive and negative comments.

Among the topics to be commented on, but not limited to, are:

- **Environmental:** Compliance with current legislation, conservation of biodiversity, environmental protection and others.
- **Labor:** Respect for workers' rights, employment opportunities and others.
- **Social:** Impacts on the local community, relationship with these communities, transparency with the communities and others.

These and any other topics that may be considered relevant may be directed to:
