PZ Cussons is committed to ensuring that 100% of the palm oil we source comes from producers whose operations have been independently verified as compliant with No Deforestation, No Peat, No Exploitation (NDPE) standards and our approach encompasses our entire global supply chain, including all derivatives and fractions and recognises the importance of collaboration. We work closely with our suppliers and their supply chains, industry partners, and non-profits to achieve our goals. Furthermore, we ensure that the principles of responsible sourcing are embedded within PZ Cussons, uniting all relevant teams behind this ambition.

Fluctuations in the business environment and variations in stock positions can influence our procurement strategies. We continuously monitor these factors to ensure alignment with our sustainability commitments, adjusting our sourcing practices as necessary to maintain compliance with NDPE standards.
