#### 1.1 What are the main activities of your organisation?

Zoos Victoria operates four zoological institutions within Victoria, Australia, caring for a variety of native and exotic animal species, including endangered species.

Zoos Victoria is a not for profit conservation organisation that runs educational and behaviour change campaigns that grow awareness of conservation issues and provide specific, pro-wildlife actions that our audiences can take to support wildlife conservation.

#### 1.2 What activities has your organisation undertaken to publicise programmes to support the RSPO, RSPO certification, the uptake of RSPO-certified sustainable palm oil and oil palm products, or to support good standing RSPO members during the reporting period?

Zoos Victoria has maintained the Don't Palm Us Off conservation campaign which seeks to raise the profile of RSPO certified palm oil and associated supply chains in Australia.

The campaign calls on members of the community to lobby relevant government ministers to bring about clear and mandatory labelling laws for palm oil as an ingredient on food products to help create a consumer-driven demand for CSPO in Australia and New Zealand.

Activities include promotion of the campaign on signage onsite at our zoo, website and social media accounts. These posts are linked to species in our care, such as Orangutans and Tigers, and we have promoted the WAZA PalmOil Scan app.

Others

There is a lack of consistent oil labelling within ingredients in Australia and New Zealand, meaning palm oil often isn't labelled as an ingredient, instead labelled as 'vegetable oil'. Increasing consumer knowledge and awareness of CSPO and sustainable palm oil continues to be a challenge while this is the case, as the likelihood of manufacturers promoting certified sustainable palm oil or displaying or use of RSPO logos is low.

### 1.2 In addition to the actions already reported in this ACOP report, what other ways has your company supported the vision of the RSPO to transform markets to make sustainable palm oil the norm?

- ☒ Communication and/or engagement to transform the negative perception of palm oil
- ☒ Engagement with business partners or consumers on the use of CSPO
- ☒ Engagement with government agencies
- ☒ Engagement with peers and clients
