## NGOs

### 1. Operational Profile

#### 1.1 What are the main activities of your organisation?

The National Wildlife Federation (NWF) is the largest conservation and education advocacy organization in the United States, with nearly six million members and supporters. Our Strategic Plan (<https://www.nwf.org/About-Us/Our-Mission>) sets in motion a Common Agenda for Wildlife, built upon sound science, clear priorities, and scalable solutions that match the magnitude of the crisis. Our Common Agenda includes a commitment to:

(1) Protect, Restore, and Connect Wildlife Habitat: Promote active restoration and reconnection of fragmented and degraded habitat across protected lands, working lands, waterways, coasts, and communities.

(2) Transform Wildlife Conservation: Advance 21st-century wildlife management, defend public trust resources, and confront emerging stressors like climate change, invasive species, and wildlife diseases.

(3) Connect Americans with Wildlife: Inspire the next generation of conservationists and mobilize a diverse conservation army to broaden the stewardship ethic, conservation action, public and private investments, and support for policy changes necessary to save thousands of at-risk species in our time. NWF has been active in a variety of international conservation and development assistance programs since the inception of its international program in the 1980s. NWF has worked extensively on sector based reforms, certification systems, and sustainable development approaches for forest and agricultural based commodities. We currently have leadership roles in the Forest Stewardship Council, the Global Roundtable for Sustainable Beef, and held the past chair of the Roundtable on Sustainable Biomaterials. We are also a member of the High Carbon Stock Approach Steering Group, Colombia Zero Deforestation Palm Oil Agreement, and the Accountability Framework initiative Steering Group.

#### 1.2 What activities has your organisation undertaken to publicise programmes to support the RSPO, RSPO certification, the uptake of RSPO-certified sustainable palm oil and oil palm products, or to support good standing RSPO members during the reporting period?

NWF participated in the first RSPO North America Sustainable Palm Oil Dialogue, serving as panelist on the 'North American Market: 2020 and the Way Forward' session. We also serve as a member of the No Deforestation Joint Steering Group (NDJSG) between RSPO and the High Carbon Stock Approach, and participate in the Definitions subgroup. Further, as a member of the Accountability Framework initiative Steering Group, NWF has worked to demonstrate where sustainability certification systems can meet Accountability Framework guidance. Further, we regularly include information about the value of certification in our public materials and continue to host a public Statement in Support of Sustainable Palm Oil on our website (<https://international.nwf.org/portfolio-item/statement-in-support-of-sustainable-palm-oil/>).

### 3. Actions for Next Reporting Period

#### 3.1 Please outline activities that your organisation will take in the coming year to promote the production or consumption of certified sustainable palm oil (CSPO)

NWF leads a consortium whose goal is to reduce tropical deforestation through the promotion and monitoring of deforestation-free commodity supply chains, including, inter alia, palm oil in Southeast Asia and South America. As part of this effort, NWF will advocate for compliance with the new P&C, and strengthened quality assurance mechanisms via expanded utilization of remote sensing technology to monitor compliance. We will leverage our relationships with key civil society, government, and private sector actors to communicate best practice guidance, exchange lessons-learned, and build understanding of the High Carbon Stock Approach and RSPO certification. As Co-Chair of the HCSA Legacy Case Task Force, NWF will continue to oversee the Legacy Case Task Force, and liaise with the RSPO Secretariat on process and determinations. Relatedly, NWF will continue to sit on the No Deforestation Joint Steering Group. We will be exploring options to fund our continued participation beyond Q2 2021.

## Shared Responsibility

*The Board of Governors of the Roundtable on Sustainable Palm Oil approved new Shared Responsibility rules on 31 October 2019, requiring all members to share sustainability requirements and obligations. Reporting of Shared Responsibility indicators will be done through several channels, including ACOP. As the implementation of Shared Responsibility reporting is still on-going and in development, the Shared Responsibility section in ACOP is not yet final and may change in future ACOP cycles. For more information on Shared Responsibility, please go to <https://rspo.org/news-and-events/news/what-are-the-new-shared-responsibility-rules> or email the ACOP team at [acop@rspo.org](mailto:acop@rspo.org)*
