#### 4. TimeBound Plan

##### 4.1 Which year did your company achieve (or plans to achieve) its first RSPO P&C certification?

('2009')

---

##### 4.2 Which year did your company achieve (or plans to achieve) 100% RSPO certification for all its estates and mills?

('2027')

---

##### 4.2.1 If the previous target year for G.4.2 has not been met, please explain why

El cumplimiento del objetivo de integrar los predios sembrados con palma de aceite administrados por Hacienda La Cabaña a la certificación RSPO aún está pendiente en aproximadamente un 5%, debido a la incorporación de predios asociados a nuevas siembras.

Actualmente, avanzamos en la identificación, validación y estudios de estos predios para garantizar su integración conforme a los requisitos establecidos por la NPP de la RSPO.

---

##### 4.4 Which year did your company achieve (or plans to achieve) 100% RSPO certification for all FFB, regardless of source?

('2030')

---

##### 4.4.1 If the previous target year for G.4.4 has not been met, please explain why

Los proveedores de RFF operan de manera independiente y, debido a las exigencias establecidas en los Principios y Criterios (P&C) de la RSPO, no han mostrado interés de integrarse dentro del proceso de certificación RSPO debido a los requisitos específicos y el compromiso de cumplimiento que implica la certificación, lo que ha llevado a buscar alternativas más alineadas con sus capacidades y estructuras operativas. Ante este panorama, se ha optado por avanzar en la certificación de estos proveedores bajo los estándares de Responsabilidad Social Empresarial (RSE), un enfoque promovido y liderado por la Federación de palmeros de Colombia FEDEPALMA. Esta certificación busca garantizar el cumplimiento de criterios clave en materia ambiental, social, técnica y económica, proporcionando un marco de referencia para fortalecer las buenas prácticas dentro del sector.
