Trans-Asia Phils Trans-Asia Phils Manufacturing Industries Corp is a manufacturer of Refined Bleached Deodorized Vegetable Oil (Coconut, Palm Oil, Palm Olein, Soyabean, Blended and Mixes). The company is an Ordinary Member Palm Oil Processor and/or Trader since 2012, and share with reputable supplier making palm oil a norm. We support sustainable palm oil of economic, environmental and social aspect. We continue to reference and apply a number of standards and frameworks to ensure our management system is aligned with International Standards such as Food Safety System Certification (FSSC) 22000 and other sustainability policies such as SMETA, Ecovadis, CDP, NDPE Policies and specific customer requirement.

This refers to a minimum that oil palm has been produced with lowest environmental impact and adhering to high standards of human rights. This approach recognizing involvement of all supply chain interested parties, including suppliers and customers, by conducting business through an approach that embraces sustainability and increases positive impact on the environment.

Key improvements of RSPO Standard include the refining approach to Deforestation and Environmental Sustainability. Framework indicators enhances implementation clarity of the protection of critical ecosystems, ensuring that land clearing is conducted responsibly.

Our organization is also certified to RSPO Supply Chain Certification (SCC) for Identity Preserved, Segregated and Mass

Although most customers, especially the Multi-nationals are showing their commitment to sustainability towards to transforming to 100% sustainable palm oil, there are still factors that present attaining this:

1. Companies are leveraging RSPO SCC to demonstrate their commitment to sustainable palm oil production and use. Although RSPO Certification assures consumers and stakeholders that palm oil is sourced and used responsibly, adhering to strict environmental and social standards. Certification helps build trust, reduce supply chain risks, and meet the growing demand for sustainable products
2. Challenge is still for independent smallholders in achieving certification by its cost and to their capability for compliance.
3. For Small and Medium Enterprises, the additional cost such as premium to the price of Sustainable and Certified oil palm, remains as driving factor in purchasing certified oil palm.

2.5 What is the estimated percentage of Certified Sustainable Palm Oil in the palm oil, palm kernel oil and related products sold, traded or processed by your company in the following regions:

Countries/Regions	Percentage
Europe	0
North America	0
Malaysia	0
