3. TimeBound Plan

3.1 Which year did your company achieve (or expects to achieve) the RSPO supply chain certification or RSPO trader/distributor licence?

2015

3.2 Which year did your company start (or expect to start) to source any RSPO-certified palm oil and oil palm products?

2017

3.2.1 If the previous target year has not been met, please explain why.

-

3.3 Which year did your company achieve (or expects to achieve) 100% RSPO certification of all palm product processing facilities.

2018

3.3.1 If the previous target year has not been met, please explain why.

-

3.4 Year expected to only source RSPO-certified palm oil and oil palm products.

2025

3.4.1 If target has not been met, please explain why.

At the moment it is still difficult to promote RSPO-certified products in Japan due to cost but nowadays more and more customers are wanting to buy RSPO-certified products so hopefully by the above target year we can only source RSPO-certified palm oil products.

3.5 If the TimeBound Plan commitments declared above do not cover all countries in which the member operates, please explain why

We do not have a country-specific plan except for Europe where RSPO certificate is indispensable to sell our products. When 100% switching to RSPO products is economically possible we are happy to cover all countries.

Evidence to show compliance to the SR requirements shall be uploaded via your membership profile in MyRSPO. Please login to your MyRSPO account and upload the relevant policies, plans and relevant reports there.
