REVIEW OF RSPO MEMBERSHIP RULES

1. Background
The Roundtable on Sustainable Palm Oil (RSPO) is a global, multi-stakeholder initiative on sustainable palm oil. Members of RSPO, and participants in its activities come from many different backgrounds, including plantation companies, manufacturers and retailers of palm oil products, environmental and social NGOs, and from many countries that produce or use palm oil. The principal objective of RSPO is “to promote the growth and use of sustainable palm oil through cooperation within the supply chain and open dialogue between its stakeholders” (RSPO Membership Rules, 2020). As of April 2023, RSPO has over 5,500 members, registered in over 100 countries/territories.

The RSPO Membership Rules (“Rules”) is a key document that provides guidance on the rules and requirements on becoming an RSPO Member as well as the administration of RSPO membership. The document was first endorsed by the Board of Governors in 2016 and was subsequently revised in 2020. In order to ensure that it is aligned with other existing and newly revised key documents, the RSPO is seeking an independent expert (“Consultant”) to review the RSPO Membership Rules and relevant key documents.

d) Undertake a review of the Beneficiary Ownership section of the RSPO Membership Rules and identify issues and legal implications in its implementation.

e) Draft recommended amendments to the RSPO Membership Rules document and other relevant key documents.
