MDSC	05/11/2020	Credits for BOG Position Paper	Recomendation from SCTWG and OWG Allwattan the cond-supply chain models for 2 years -further analysis is needed to understand why companies purchase Credits and what is the added value for doing so, (Credits are chain and says to buy with the other reason of not brung sustainable regredents available). -Study finester is should be broader and supportive for the rendum-long stim solutions, what people are still buying as conventional and review what can be drifted from Conventional to Credits, Mass Balanced, or Segregated as that's where the biggest impact is going to be.	The SCT WG will further conduct the study by Q1 2021.	In progress	SCTWG							
MDSC	05/11/2020	Credits for BOG Position Paper	Ammendments to the Recommendation Doc selected the world's year ord or religious with the celender Year 2021* Add a sentence that would say an in-depth study by the SCT WG should be completed by Q1 Y2021 to understand why credits are used. The recommendation should be explicit and resistion in what the calendary parts is about, the chances of people to which from Credits to Physical with an under decision along which the time constraint with be very unlikely. Short term solution is practical and pragmatic, should hone in on this for better analysis and data to provide clarity on the medium to large term solution.	Short term recommendation is as it is. A timeline is requested so this issue will not repeat itself next year.	In progress	SCTWG		neline					
MDSC	05/11/2020	No Palm Oil Labelling and Claims	The BoS has asked the MDSC to determine is Clause 1.4 of the CoC requires improvement. Discussion: - There was already a lengthy discussion for the Clause to be where it is at now. Additionally, RSPO's mandate does not extend beyond - Situations exist where the spirit of the mandate is violated, such as using the *No Pain Off labels on health-related products. Such voicitions cannot be dealth with as Health follow courseler HSPO Mode and the Pop Pain Off labels on health-related products. Such voicitions cannot be dealth with as Health follow courseler HSPO Mode and the message of CSPO and RSPO certification being too weak, - Potentially, the reason why there is an increase in such labeling as due to the message of CSPO and RSPO certification being too weak, - Making an exploit addition to the Rule in too graing to address the source of the problem The general public must be made aware of why CSPO is the better choice, and re-writing the rule is not the right solution The greater public must be made aware of why CSPO is the better choice, and re-writing the rule is not the right solution The greater public rule is not obtain or a training-investor program or ensure that members are aware there are rules to above by Members of MDSC decided that no changes are necessary.
