Operational Profile

1.1 What are the main activities of your organization ?

Vision and Mission of Orangutan Land Trust

At Orangutan Land Trust our Vision is the long-term survival of the orangutan in the wild.

Our Mission is to enable sustainable solutions that ensure safe areas of forest for the continued survival of the orangutan

We work towards this Vision via three Key Strategies:

Encourage policy makers to develop and implement strong policies and to uphold existing laws that contribute to orangutan conservation

Support in-country initiatives and efforts to help deliver their aims

Develop appropriate and responsible partnerships to deliver tangible outcomes on the ground

Some of the activities eligible for support from Orangutan Land Trust include:

Protecting existing orangutan habitat, especially that which contains significant populations of orangutans

Finding, surveying and securing permanent release sites for both wild and rehabilitated orangutan

Finding, surveying and securing river islands for the penultimate step in the rehabilitation process of orangutans, and as permanent sanctuary for rescued and rehabilitated orangutans not suitable for total release into the wild, such as those with chronic disease or disabilities

Finding, surveying and securing new forest sites for the use of orangutans undergoing the rehabilitation process.

Providing infrastructure for above sites, such as security posts, feeding platforms, fencing, etc

Taking measures to protect these sites indefinitely

Forest rangers/anti-logging operations/fire-fighting efforts in orangutan habitat

Creating wildlife corridors

Reforestation and regeneration activities

Supporting alternative livelihoods and sustainable harvesting of forests (timber and non-timber forest products) in exchange for their protection in cooperation with local communities

Working with industries that pose a risk to orangutan habitat, such as the palm oil industry, to minimise impact in these areas

Education, outreach and empowerment in communities living in orangutan habitat areas to protect these areas

Lobbying local and national authorities to protect orangutan habitat
